THE PANTHER

I WANT TO BE

Oh, 'tis human to thirst for more;
To ask why, where, and how.
Teach me more, I've got to know,
For I'll be leaving you now.

My body strains, my endurance tested,
For I know I've got to achieve.
Through sweat and tears, win or lose,
The experience too great to believe.

But, though I ache and hurt all over,
A smile and greeting I give you.
For I've learned the importance of caring enough,
To give of myself to you.

I'll read and study 'til the letters squirm
And my head explodes in confusion.
But, waiting for me, at the end of the tunnel,
Is my reward, not an illusion.

Then, I'll take the time to learn
From what others have to give.
We'll free our minds and souls, together,
We're just beginning to live.

My comrades and I have grown together
And learned of love through the years.
I'll always remember all you've taught me,
And your smile that dried my tears.

I'll leave you now to follow your dreams,
For I must go my way, too.
We'll meet, again, in that time beyond,
And maybe still learn something new.

Thank you, each and every one,
For waking this thirst in me.
Through you I've learned to laugh and cry,
And learned what I want to be.

The Panther Band, under the direction of Marilyn Mattei, received numerous awards and made many accomplishments during the '78-'79 year. The year began with a half-time performance at every football game. The Christmas Concert put everyone in the Christmas spirit. Then the real work began. The band struggled endlessly to perfect their UIL contest music. They were rewarded with a division I rating. The band also went to the Sandy Lake Fun-Fest and received another division I rating. The year came to an end with a Spring Concert and awards banquet.

1978-79 Cheerleaders

Being a cheerleader is more than jumping and yelling for the school. Many hours are spent practicing, making pep rallies, and trying to think of ideas to make our school a better place. There are times when it is hard to keep smiling, but people can truly make things seem brighter by trying to help us when we need it. We are proud to have been cheerleaders because we know we had a lot of great times that we will always remember.

OVERTONES by Alice Gerstenberg, the One-Act Play Princeton chose to perform for UIL competition, is the story of two society ladies in the early 1900's. Each of these ladies wants something the other has. While they are very calm on the outside their alter egoes reveal to the audience all the emotions they really feel. With this play, Princeton won on the District level, Area level, and competed on the Regional level. The actresses received honors such as: All-Star cast for Karen Lantz and LaQuita Davis, Best Actress for Susan Robbins, and all received Hon. Men.

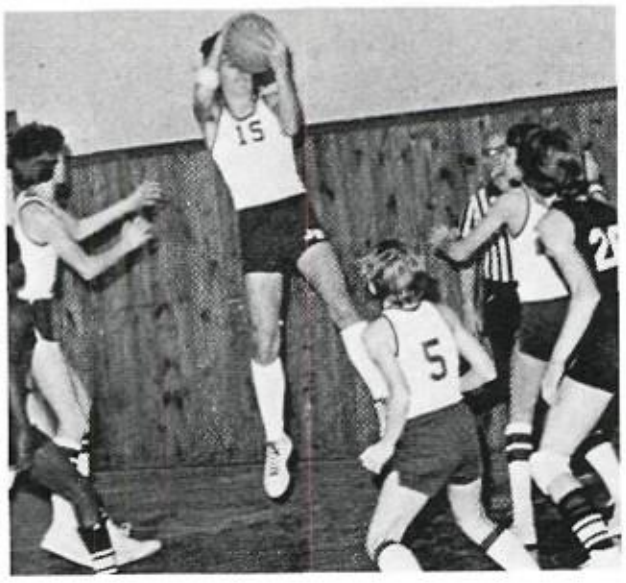
Sports Snapshots



ז'ק

At first we listened to nursery rhymes
And learned to tie our shoes.
Now we know how to read a book!
Which is knowledge we'll never lose.

So, I guess we'll be back next year
And find out there's something new.
You know, we've done so much together,
And think". There's still more to do.
